TWO-THOUSAND-SEVEN PERFORMANCE CATALOG

nismo

Since NISMO components were bred on the track, racing should stay on the track. That's why Nissan is a member of Racer's Against Street Racing (www.rasr.info). If you want to race, go to a racetrack.

NissanUSA.com

Additional parts and accessories may be available as they are developed. Availability and delivery times for particular equipment may vary. Nissan North America, Inc. reserves the right to make changes at any time, without prior notice, in prices, colors, materials, equipment, specifications and to discontinue equipment. For additional information on availability, see your Nissan dealer.

Nissan, the Nissan Brand Symbol, "SHIFT_" tagline, Z and Nissan model names are Nissan trademarks.

NISMO: FACTORY-TUNED PERFORMANCE

NISMO is world-renowned as the premier source for extreme Nissan performance. From Japanese GT racers to Dakar Rally trucks, to the wildest versions of the Skyline GT-R, NISMO gives you an all-access pass to genuine factory-engineered, dyno-tested, racetrack-proven performance.

And as you'd expect from the same engineers who design Sports Prototypes to run at full sprint for 24 grueling hours, NISMO components are built to last. Nissan even stands behind all street-legal S-Tune components with the full Nissan Parts and Accessories Limited Warranty; good for up to 36 months/36,000 miles* when installed by a Nissan dealer at the time of your new vehicle purchase.

Support from the factory means that every NISMO component is thoroughly engineered and rigorously tested to ensure a seamless fit and outstanding performance mile after mile. Whether you're a Z driver aiming to outrun Porsches around a track or an Altima driver who wants to sharpen its street-ready edge, NISMO stands ready to take your Nissan to the next level.

NISMO components are much more than fast. As you'd expect from the engineers who build sports prototypes to go 24 grueling hours at a stretch, they're also built to last. Consider NISMO street-legal S-Tune components: when they're installed by a Nissan dealer when you buy your new Nissan, they are backed by the full Nissan parts and Accessory Limited Warranty, for up to 36 months/36,000 miles*.

Every NISMO component is designed and crafted to integrate seamlessly, perform brilliantly, and look like a piece of performance art. Because we know how you feel: you—and your Nissan—deserve nothing less.

R-TUNE AND S-TUNE COMPONENTS

The NISMO product line features S-tune components, R-tune components, parts for older vehicles and genuine NISMO lifestyle accessories.

S-TUNE

S-tune components are engineered for the Nissan enthusiast who drives uses their machine on the street—about 80% of the sport/compact tuner market. S-tune components offer credible increases in vehicle dynamics (horsepower, handling, etc.), but with an additional feature that the aftermarket can't match. Each S-tune component comes fully warranted from Nissan—up to 36 months/36,000 miles—if installed at time of new-vehicle sale (like any other Genuine Nissan part or accessory).

R-TUNE

R-tune parts are designed for the hard-core enthusiast or weekend racer. Street “civility” is compromised for maximum performance. Obviously, parts destined for racing or track days do not carry a warranty. See below for more details about R-tune components.

WARRANTY COVERAGE

S-TUNE

Up to 36 months/36,000 miles if installed at time of new vehicle sale. Remaining time period/miles of new vehicle warranty applies to parts when installed by dealer on existing customer vehicles.

R-TUNE

These products do not carry any type of warranty and the following warning will apply: “This part has been designed and is intended for off-highway application only. The installation of this part on a vehicle intended for use on public streets or highways may violate laws and regulations relating to motor vehicle safety standards or emission regulations. Additionally, this part is sold “as is”, without warranty of any kind whatsoever, express or implied, (including all warranties of merchantability or fitness for a particular purpose). The installation of this part could also void vehicle or other Nissan warranty coverage, or result in otherwise covered repairs being excluded from coverage. Refer to an authorized Nissan dealer or performance specialist for proper installation.”

COLD AIR INTAKES

The better your engine breathes, the more power it's going to make. Bringing cool air in from outside the engine compartment also boosts power, because cooler air has more of the oxygen your engine craves. Oh, and one more thing: a NISMO Cold Air Intake makes your Nissan sound just as tough as it is.

HEADERS

NISMO headers are truly a work of performance art—just check out those “stack-of-dimes” weld beads from the TIG welding process. Equal-length, mandrel-bent T-304 stainless steel headers are designed, tuned, dyno-tested, and handcrafted to optimize your Nissan's performance. Smooth mandrel-bends and merged cone collectors reduce back pressure while increasing exhaust gas flow and velocity. Translation? NISMO headers make your engine's exhaust exit faster and more completely, allowing more air and fuel into your engine for increased horsepower throughout your engine's operating range.

350Z COLD AIR INTAKE_R-TUNE

- Application: 2003-2006 Coupe, 2005 Roadster, 2005 Anniversary [Dual CAI for 2007 COMING SOON!]
- 5.5 HP and 4.7 lb-ft increase at the rear wheels*
- Mandrel-bent 3" (76mm) 6061 aluminum tubing

Part Number: 16576-RNZ36 MSRP:\$ 350.00

350Z HEADERS_R-TUNE

- Application: 2003-2005 2006 Coupe, 2005-2006 Roadster
- VQ35DE V6 engine
- 1.625" (41mm) primary tube stepped up to 1.750" (44mm) diameter
- 2.25" (57mm) cone merge collector
- Heavy-duty 3/8" (10mm) flange

Part Number: 14002-RNZ35 MSRP:\$ 1280.00

ALTIMA COLD AIR INTAKE_R-TUNE

- Application: 2002-2005 2006 Altima (I4 and V6) [CAI for 2008 Coupe UNDER DEVELOPMENT!]
- 3.5-11.7HP and 11.1lb-ft increase at the front wheels, 2.5-6.5 HP and 5.3 lb-ft increase at the front wheels
- Intake length and diameter tuned for maximum performance
- Mandrel-bent 3" (76mm) 6061 aluminum tubing

Part Number: 16576-RNL15 (V-6) MSRP:\$ 320.00

Part Number: 16576-RNL16 (I-4) MSRP:\$ 320.00

ALTIMA HEADER_R-TUNE

- Application: 2002-2006 Altima S, SL
- QR25DE I4 engine
- 1.625" (41mm) primary tube diameter
- 2.25" (57mm) cone merge collector
- Heavy-duty 3/8" (10mm) flange

Part Number: 14002-RNB55 MSRP:\$ 580.00

SENTRA COLD AIR INTAKE_R-TUNE

- Application: 2002-2005 Sentra 2.5S, SE-R, SPEC V
- Intake length and diameter tuned for maximum performance
- Mandrel-bent 3" (76mm) 6061 aluminum tubing

Part Number: 16576-RNB55 MSRP:\$ 300.00

SENTRA HEADER_R-TUNE

- Application: 2002-2005 2006 Sentra 2.5S, SE-R, SPEC V
- QR25DE I4 engine
- 1.625" (41mm) primary tube diameter
- 2.25" (57mm) cone merge collector
- Heavy-duty 3/8" (10mm) flange

Part Number: 14002-RNB55 MSRP:\$ 580.00

SENTRA COLD AIR INTAKE GEN II_R-TUNE

- Application: 2005 Sentra 2.5S, SE-R, SPEC V
- Integrated MAF sensor mounting creates "seamless" intake pipe for cleaner appearance, fewer parts and easier installation
- Mandrel-bent 3" (76mm) 6061 aluminum tubing

Part Number: 16576-RNB56 MSRP:\$ 300.00

SENTRA HEADER WITH CATALYTIC CONVERTER_R-TUNE

- Application: 2002-2005 Sentra 2.5S, SE-R, SPEC V
- QR25DE I4 engine
- 1.625" (41mm) primary tube diameter
- 2.25" (57mm) cone merge collector
- Heavy-duty 3/8" (10mm) flange

Part Number: 14002-RNB56 MSRP:\$ 900.00

MAXIMA COLD AIR INTAKE_R-TUNE

- Application: 2004-2006 Maxima (all trim levels)
- Average gain of 14.9 HP@6400 rpm; 12.2 ft-lbs@6400 rpm increase at the front wheels
- Integrated MAF sensor mounting creates "seamless" intake pipe for cleaner appearance, fewer parts and easier installation
- Mandrel-bent 3" (76 mm) 6061 aluminum tubing

Part Number: 16576-RNA35 MSRP:\$ 300.00

CAMSHAFTS

The camshaft is the heart of your engine, determining when and how much air and fuel move into your cylinders. This in turn affects the power your engine makes, and where in the powerband that power will be. Count on NISMO cams to give you just what you need, exactly where you need it. These cams pull hard from idle to redline. They start as on genuine Nissan billet cores and are engineered to optimize your engine's variable valve timing. Utilizing OE valve springs and retainers ensures smooth performance, even with maximum lift and overlap.

R-Tune Sentra SpecV with NISMO Cold Air Intake, Headers, Cams and Cat-Back Exhaust: "The first thing you notice when driving the R-Tune, is the power. Throttle response is instant and acceleration surprisingly strong no matter where you are on the tach." *Sport Compact Car*, April 2004

350Z CAMSHAFTS_R-TUNE

- Application: 2003-2005 Coupe, 2005 Roadster
- VQ35DE V6 engine
- Does not apply to 35th Anniversary Z or 2006 models with "Rev-Up" engine
- Maintains low-end torque while increasing mid-range and top-end power
- Computer-designed for accurate lift and duration, 262° duration/.426" lift, (stock 240° duration/.376" lift)
- Adds mildly rough idle

Part Number: 13020-RNZ35 MSRP:\$1,600.00

ALTIMA CAMSHAFTS_R-TUNE

- Application: 2002-2006 Altima
- QR25DE I4 engine
- Maintains low-end torque while increasing mid-range and top-end power
- Computer-designed for accurate lift and duration
- 262° intake duration/.440" intake lift (stock 244°/.407")
- 242° exhaust duration/.370" exhaust lift (stock 232°/.340")
- Adds mildly rough idle

Part Number: 13020-RNB55 MSRP:\$ 800.00

ALTIMA CAMSHAFTS_R-TUNE

- Application: 2002-2006 Altima V6SE
- VQ35DE V6 engine
- Maintains low-end torque while increasing mid-range and top-end power
- Computer-designed for accurate lift and duration, 262° duration/.426" lift, (stock 240° duration/.376" lift)
- Adds mildly rough idle

Part Number: 13020-RNZ35 MSRP:\$1,600.00

SENTRA CAMSHAFTS_R-TUNE

- Application: 2002-2005 2006 Sentra 2.5S, SE-R, SPEC V
- QR25DE I4 engine
- Maintains low-end torque while increasing mid-range and top-end power
- Computer-designed for accurate lift and duration
- 262° intake duration/.440" intake lift (stock 244°/.407")
- 242° exhaust duration/.370" exhaust lift (stock 232°/.340")
- Adds mildly rough idle

Part Number: 13020-RNB55 MSRP:\$ 800.00

CLUTCHES AND FLYWHEELS

Fine-tuning your Nissan also involves vital powertrain parts. To handle the extra power your engine pumps out, choose an extra-strong NISMO clutch. Clutch plates are constructed from NISMO's unique COPPERMIX material for superior performance over a wide temperature range. They're tough enough for drifting, but forgiving enough for street use. For faster acceleration and quicker throttle response, bolt that clutch to a lightweight NISMO flywheel. And to get all that power to the ground, check out a genuine NISMO Limited Slip Differential. Our precision multi-plate LSD generates equal torque to the left and right shafts and "locks up" quickly when the accelerator is "on."

350Z CLUTCH DISC_R-TUNE

- Application: 2003-2005 Coupe, 2005-2006 Roadster with manual, (Anniversary and 2006 Z requires return spring modification for 06 hi-rev application)
- "Copper Mix," copper and organic composite material
- Torque capacity of 57 kg/M, 1030 kg holding pressure when used with NISMO clutch cover
- Single disc with unsprung hub
- NOTE: Recommended installation with Clutch Cover Part Number: 30210-RSZ30US

Part Number: 30100-RS252US MSRP:\$ 290.00

CLUTCH DISCS_R-TUNE

- Application: 300ZX non-turbo 1990-1996
- Sprung center and composite lining. Requires OE throwout bearing.

Part Number: 30100-RS243US MSRP:\$ 280.00

- Application: 240SX 1989-1998
- Sprung center and composite lining. Requires OE throwout bearing.

Part Number: 30100-RN225US MSRP:\$ 200.00

- Application: Sentra 1991-1999
- Sprung center and composite lining. Requires OE throwout bearing.

Part Number: 30100-RS360US MSRP:\$ 290.00

350Z CLUTCH COVER_R-TUNE

- Application: 2003-2005 Coupe, 2005-2006 Roadster with manual, (Anniversary and 2006 Z requires return spring modification for 06 hi-rev application)
- Increases holding pressure to 1030 kg
- Torque capacity of 57 kg/M when used with NISMO clutch disc
- 2.25" (57mm) cone merge collector
- NOTE: Recommended installation with Clutch Disc Part Number: 30100-RS252-US

Part Number: 30210-RSZ30US MSRP:\$ 330.00

CLUTCH COVERS_R-TUNE

- Application: 300ZX non-turbo 1990-1996
- Pressure: 800 kg

Part Number: 30210-RS560US MSRP:\$ 350.00

- Application: 240SX 1989-1998
- Pressure: 750 kg

Part Number: 30210-RS600US MSRP:\$ 300.00

- Application: Sentra 1991-1999
- Pressure 680 kg

Part Number: 30210-RS360US MSRP:\$ 270.00

350Z LIGHTWEIGHT FLYWHEEL_R-TUNE

- Application: 2003-2006 Coupe, 2005-2006 Roadster with manual, Anniversary Z
- 28% lighter than stock, over 8 lbs. less
- Less rotating inertia improves throttle response for better acceleration
- Compatible with both the standard clutch cover and NISMO Clutch Cover
- Adds mild vibration and transmission gear chatter/noise rattle at idle

Part Number: 12310-RSZ30US MSRP:\$ 600.00

MORE HIGH-PERFORMANCE ENGINE COMPONENTS

Increased flow rate fuel injectors, precision adjustable fuel pressure regulators, high-performance engine and transmission insulators (aka "motor mounts"), power steering oil cooler kits—NISMO has what you need to maximize your Nissan's performance potential.

350Z POWER STEERING OIL COOLER KIT_R-TUNE

- Application: 2003-2006 Coupe, 2005-2006 Roadster
- Helps prevent cavitation and maintains better power steering function under extreme conditions
- Replaces standard power steering cooler

Part Number: 49790-RSZ30US MSRP:\$ 175.00

HIGH-FLOW FUEL INJECTORS

- Application: 300ZX 1990-1994
- 555cc
- Requires ECU upgrade

Part Number: 16600-RR701 (6 Required) MSRP:\$ 190.00ea.

- Application: 300ZX 1995-1996
- 555cc
- Requires ECU upgrade

Part Number: 16600-RR543 (6 Required) MSRP:\$ 190.00ea.

- Application: 300ZX 1995-1996
- 555cc
- Requires ECU upgrade

Part Number: 16600-RR544 (6 Required) MSRP:\$ 190.00ea.

ENGINE/TRANSMISSION INSULATORS

- Application: 240SX 1989-1998
- Transmission

Part Number: 11320-RS541 MSRP:\$ 50.00

- Application: 240SX 1989-1998
- Engine (RH)

Part Number: 11210-RS540 MSRP:\$ 95.00

- Application: 240SX 1989-1998
- Engine (LH)

Part Number: 11220-RS540 MSRP:\$ 95.00

HIGH-FLOW FUEL PRESSURE REGULATORS

- Application: 240SX 1989-1998, Stanza 1990-1992, Altima 1993-2001, Sentra w/2.0L engine 1991-1994 & 1998-2001, NX2000 1991-1993, 200SX w/2.0L engine 1995-1998
- Adjustable to 10Ka/L/h with a 250m/sec flow rate

Part Number: 22670-RR580-US MSRP:\$ 130.00

- Application: Universal
- Adjustable to 10Ka/L/h with a 250m/sec flow rate

Part Number: 22670-RR710-US MSRP:\$ 130.00

- Universal Bracket for Part Number 22670-RR710-US

Part Number: 22672-RR710 MSRP:\$ 35.00

PERFORMANCE THERMOSTATS

- Application: 300ZX 1984-1996, Maxima 1985-1994
- Opens at 62°C (169°F), Nissan OE thermostat opens at 76.5°C (195°F)

Part Number: 21200-RS580 MSRP:\$ 60.00

- Application: 240SX 1989-1998, Altima 1993-2001, Sentra w/2.0L engine 1991-1994 and 1998-2001, NX2000 1991-1993, 200SX w/2.0L engine 1995-1998
- Opens at 62°C (169°F), Nissan OE thermostat opens at 76.5°C (195°F)

Part Number: 21200-RS520 MSRP:\$ 60.00

LIMITED SLIP DIFFERENTIALS

To be sure all the power your engine is generating gets to the ground, check out a genuine NISMO Limited Slip Differential (LSD). Our precision, multi-plate LSD generates equal torque to the left and right shafts and "locks up" quickly when the accelerator is "on." Whether you plan to drift, drive at the track or just carve some canyon roads, you'll appreciate the added traction from a NISMO LSD. NOTE: Low speed chattering, clunking and tire chirping are normal attributes of this performance Limited Slip Differential.

350Z LIMITED SLIP DIFFERENTIAL_R-TUNE

- Application: 2003-2006 350Z Coupe, 2005-2006 Roadster with manual transmission
- Designed as a multipurpose LSD for comfortable city driving, with increased power delivery for track or autocross conditions
- Constructed with 4 pinion gears for improved strength (stock has two pinion gears)
- Clutch-type design with ten clutches on each side
- Plate-type 1.5-way LSD can be converted to 2-way LSD
- 3-stage initial torque selective can be adjusted without disassembling

Part Number: 38420-RS141 MSRP:\$1,050.00

LIMITED SLIP DIFFERENTIALS_R-TUNE

- Application: 300ZX non-turbo, no ABS 1990-1996
- 4-pinon, 57 lb-ft breakaway torque

Part Number: 38420-RS502 MSRP:\$ 900.00

- Application: 300ZX non-turbo, with ABS 1990-1996
- 4-pinon, 57 lb-ft breakaway torque

Part Number: 38420-RS521 MSRP:\$1,050.00

- Application: Sentra w/2.0L 1991-1994
- 4-pinon, 36 lb-ft breakaway torque

Part Number: 38420-RS365-US MSRP:\$ 910.00

- Application: 240SX 1989-1998 without OE LSD
- 4-pinon, 70 lb-ft breakaway torque

Part Number: 38420-RS661 MSRP:\$ 900.00

- Application: 240SX 1989-1998 with OE LSD
- 4-pinon, 70 lb-ft breakaway torque

Part Number: 38420-RS662 MSRP:\$ 900.00

- Application: Altima 1993-2001 with Manual Transmission
- 4-pinon, 30 lb-ft breakaway torque

Part Number: 38420-RS426-US MSRP:\$1,050.00

LIMITED SLIP DIFFERENTIAL EXPLODED VIEW

nismo

EXHAUST SYSTEMS

What goes in must come out. NISMO stainless cat-back exhaust systems give you the perfect combination of torque, usable power, great looks, and a simply awe-inspiring sound while accelerating, but are sonically-engineered to remain relatively quiet at idle and drone-free at cruising speed. Mandrel-bent from T-304 stainless steel, these systems save weight and are emission legal in all 50 states. And since they're designed by the same engineers who've built your Nissan, they're a direct bolt-in using all OE mounts and maintaining Nissan Design Standards (NDS) for clearance around brake and fuel lines.

350Z S-Tune Cat-Back Exhaust: "The exhaust sound, not surprisingly, is beautiful. At idle or light cruise, though, it is hardly louder than stock." *Sport Compact Car*, May 2004.

350Z CAT-BACK EXHAUST SYSTEM_S-TUNE

- Application: 2003-2006 Coupe, 2005-2006 Roadster
- Complete 3-piece, mandrel-bent cat-back exhaust system
- 6 HP and 3.5 lb-ft gain to rear wheels
- 9 lbs. lighter than stock system
- 2.4" (61mm) and 3.0" (76mm) pipes
- Double-walled 4.2" (107mm) tips with laser-etched NISMO logos
- 50-state emissions legal

Part Number: 20100-RSZ35 MSRP:\$1,200.00

SENTRA CAT-BACK EXHAUST SYSTEM_S-TUNE

- Application: 2000-2006 2.5S, SE-R and Spec V
- Complete 2-piece, mandrel-bent cat-back exhaust system
- 4.0 HP and 5.5 lb-ft increase at front wheels
- 2 lbs. lighter than stock system
- 2.4" (61mm) pipe
- Double-walled 4.2" (107mm) tips with laser-etched NISMO logos
- 50-state emissions legal

Part Number: 20100-RNB50 MSRP:\$ 720.00

ALTIMA CAT-BACK EXHAUST SYSTEM_S-TUNE

- Application: 2005-6 V-6 Altima (except SER)
- 7.5 HP and 5.2 lb-ft increase at the front wheels (2002-2004)
- 6.4 HP and 4.7 lb-ft increase at the front wheels (2005)
- Complete mandrel bent cat-back exhaust system
- 303 stainless steel construction
- Weight: 54 lbs (24.5kg)
- 50-state emissions legal

Part Number: 20100-RNL10 MSRP:\$800.00

Intermediate pipes not shown

ALTIMA CAT-BACK EXHAUST SYSTEM_S-TUNE - NOW AVAILABLE for 2007 V-4 Altima Sedan 20100-RSL25 \$980.00 2007 V-6 Altima Sedan 20100-RSL20 \$980.00 [Coupe UNDER DEVELOPMENT]

WHEELS

Nothing improves handling—or looks—like a wild set of large-diameter wheels. Reduced sidewall height enhances steering response, and reduced unsprung mass keeps your Nissan glued to the pavement, even when the going gets rough. NISMO wheels are forged by RAYS Engineering, to increase strength and reduce weight, using design and processes like those on Nissan's Super GT Champion GT500 Z wheels. All NISMO wheels are compatible with Nissan's Tire Pressure Monitor System (TPMS) and include the center cap, metal valve stem and iconic NISMO black lug nuts, so your Nissan will look as good as it drives.

NOTE: Wheels are available individually. Four individual wheels must be ordered 2 front and 2 rear per vehicle.

**350Z 18" WHEELS_S-TUNE**

- Application: 2003-2007 Coupe, 2005-2006 Roadster (without side airbags)
- 18" x 8.5" (Front), 18" x 9.5" (Rear) one-piece forging (offset: .25mm front / .30mm rear)
Front: 18.1 lbs (8.2 kg), Rear: 18.8 lbs (8.5 kg)
- 18" wheels provide increased performance tire choices for those participating in track days and lapping sessions
- Recommended tire size: 245/40-18 (Front), 275/40-18 (Rear)

Part Number: 4030S-RN88910 (Silver FR)	MSRP:\$ 600.00
Part Number: 4030S-RN89210 (Silver RR)	MSRP:\$ 600.00
Part Number: 4030S-RN88920 (Bronze FR)	MSRP:\$ 600.00
Part Number: 4030S-RN89220 (Bronze RR)	MSRP:\$ 600.00

**350Z 18" WHEELS_S-TUNE****350Z 19" WHEELS_S-TUNE**

- Application: 2003-2007 Coupe, 2004-2006 Roadster
- 19" x 8.5" (Front), 19" x 9.5" (Rear) one-piece forgings
Front: 20.5 lbs (9.3 kg), Rear: 20.9 lbs (9.5 kg)
- Recommended tire size: 245/35-19 (Front), 275/35-19 (Rear)
- Available in Silver only

Part Number: 4030S-RN89312 (Silver FR)	MSRP:\$ 670.00
Part Number: 4030S-RN89812 (Silver RR)	MSRP:\$ 670.00

WARNING: NISMO Shock and Spring Kit, Front and Rear Sway Bar Kit and Wheels can be used on VDC-equipped vehicles only if ALL are installed together. Failure to install all required parts on VDC-equipped models may result in the system not operating properly and could adversely affect vehicle handling performance.

**350Z 19" WHEELS_S-TUNE****ALTIMA 18" WHEELS_S-TUNE**

- Application: 2002-2005 2006 Altima 3.5L [19" 2007-08 UNDER DEVELOPMENT]
- 18" x 8.5" one-piece forging (offset: 45 mm)
- Weight: 17.6 lbs (8.0 kg) each
- Recommended tire size: 245/45-18

Part Number: 4030S-RSL1020 (Bronze)	MSRP:\$ 410.00
Part Number: 4030S-RSL1010 (Silver)	MSRP:\$ 410.00

**ALTIMA 18" WHEELS_S-TUNE****SENTRA 17" WHEELS_S-TUNE**

- Application: 2000-2005 2006 Sentra, SE-R and Spec V
- Lightweight performance cast alloy, 17.6 lbs. (8.0 kg) each
- 17" x 7.5" (clears Brembo brake option)
- Recommended tire size: (stock height) 225/45-17,
(with NISMO lowered suspension) 215/45-17

Part Number: 4030S-RN75010 (Silver)	MSRP:\$ 240.00
Part Number: 4030S-RN75020 (Bronze)	MSRP:\$ 240.00

**SENTRA 17" WHEELS_S-TUNE****MAXIMA 19" WHEELS_S-TUNE**

- Application: 2004-2007 Maxima
- Available in Silver or Gunmetal Silver
- 19" x 8.5" lightweight one-piece forgings (Offset: 35mm)
- 19" x 8.5" 21.2 lb (9.6kg). Stock wheels: 18" x 7.5" 26.2lb (11.9kg),
17" x 7" 22.7 lb (10.3kg)

Part Number: 4030S-RNA4010 (silver)	MSRP:\$ 550.00
Part Number: 4030S-RNA4030 (gunmetal)	MSRP:\$ 550.00

**MAXIMA 19" WHEELS_S-TUNE**

WHEEL ACCESSORIES

**LUG WRENCH ADAPTER**

- Recommended for installing all NISMO wheels
- NISMO lug nuts - 17mm, OE wheels - 21mm

Part Number: 40325-RN700	MSRP:\$ 7.00
--------------------------	--------------

**WHEEL STUDS** (all vehicles except those with a solid rear axle)

- 50mm length, fits 300ZX 1990-1996 and 240SX 1995-1998 front wheels, Sentra 1991-1999 front and rear wheels. See following part numbers for other model applications.

Part Number: 40222-RS015	MSRP:\$ 7.00
--------------------------	--------------

**WHEEL STUDS** (all vehicles except those with a solid rear axle)

- 60mm length, fits 300ZX 1990-1996 and 240SX 1995-1998 front wheels, Sentra 1991-1999 front and rear wheels. See following part numbers for other model applications.

Part Number: 40222-RS025	MSRP:\$ 70.00
--------------------------	---------------

**WHEEL STUDS** (all vehicles except those with a solid rear axle)

- 50mm length, fits 300ZX 1990-1996 and 240SX 1995-1998 front wheels, Sentra 1991-2004, 350Z 2003-2004, Altima 2002-2005, and Maxima 2000-2004 front and rear wheels.

Part Number: 40222-RS035	MSRP:\$ 70.00
--------------------------	---------------

**WHEEL STUDS** (all vehicles except those with a solid rear axle)

- 60mm length, fits 300ZX 1990-1996 and 240SX 1995-1998 front wheels, Sentra 1991-1999 front and rear wheels, Sentra 2000-2004, 350Z 2003-2004, Altima 2002-2005, and Maxima 2003-2004 front and rear wheels.

Part Number: 40222-RS045	MSRP:\$ 70.00

nismo

SUSPENSION KITS

Lots of companies make suspension parts. Some merely lower your car. Sure, it may look good, but how will it ride and handle? Other's offer "adjustable" coil-over suspensions. That's fine, if you know exactly how to adjust the system for maximum performance, assuming it even comes with the proper rate springs. Instead, NISMO offers a completely engineered system for your Nissan. Nobody tunes all its components to work together for your specific Nissan like NISMO.

350Z S-Tune Suspension: "Ride quality, especially over rough roads, improved as did at-the-limit handling." *Sport Compact Car*, February 2005

Sentra S-Tune Suspension: "...the S-Tune Sentra was much more fun to drive than the stock counterpart." *Import Tuner*, January 2004

350Z SHOCK AND SPRING SUSPENSION KIT_S-TUNE

- Application: 2003-2006 Coupe, 2005-2006 Roadster (without side airbags)
- VQ35DE V6 engine
- Lowers vehicle by 0.6" (15mm)
- Reduces body lean, pitch, and dive
- Provides neutral, balanced handling

Part Number: 5300S-RSZ30US MSRP: \$1,800.00

WARNING: NISMO Shock and Spring Kit, Front and Rear Sway Bar Kit and Wheels can be used on VDC-equipped vehicles only if ALL are installed together. Failure to install all required parts on VDC-equipped models may result in the system not operating properly and could adversely affect vehicle handling performance.

ALTIMA SHOCK AND SPRING SUSPENSION KIT_S-TUNE

- Application: 2002-2006 Altima 3.5L SE [2007-08 UNDER DEVELOPMENT!]
- VQ35DE V6 engine
- Lowers front of vehicle 0.9" (22mm), rear 0.4" (10mm)
- Front 30% stiffer than stock 3.5 SE springs, rear 20% stiffer
- Provides improved steering response
- Reduces body lean, pitch, and dive

Note: Must order both part numbers for complete front and rear kit

Part Number: 5300S-RSL10 and 5621S-RSL10 MSRP: \$ 800.00

SENTRA SHOCK AND SPRING SUSPENSION KIT_S-TUNE

- Application: 2003-2006 Sentra (All Models)
- Lowers vehicle by 0.8" (20mm) front and 0.6" (15mm) rear
- Spring rate 20% stiffer and damping force tuned specifically for SE-R and SE-R Spec V
- Provides improved steering response
- Reduces body lean, pitch, and dive
- Provides neutral, balanced handling

Part Number: 5300S-RSB50 MSRP: \$1,800.00

ACTUAL PRODUCT MAY VARY SLIGHTLY FROM PHOTO

240SX COIL-OVER SHOCK KIT (TRACK)_R-TUNE

- Application: 240SX 1995-1998
- Extensively track tested by NISMO
- Fully-adjustable ride height and damping force, Front 4 stages, Rear 8 stages
- Significantly improves steering response
- Greatly reduces body lean, pitch and dive
- Recommended for track use only
- Not recommended for street applications

Part Number: 5300R-RS546US MSRP: \$1,700.00

ACTUAL PRODUCT MAY VARY SLIGHTLY FROM PHOTO

240SX COIL-OVER SHOCK KIT_R-TUNE

- Application: 240SX 1989-1998
- Performance street suspension suitable for track days
- Damping force fixed, short-stroke type
- Lowers vehicle by 1.0" (25mm) front and 0.6" (15mm) rear
- Provides improved steering response
- Reduces body lean, pitch and dive

Part Number: 1989-1994 5300S-RSS30US MSRP: \$850.00

Part Number: 1995-1998 5300S-RSS40US MSRP: \$850.00

350Z FRONT AND REAR SWAY BAR KIT_S-TUNE

- Application: 2003-2006 Coupe, 2005-2006 Roadster (without side airbags)
- Front: 1.4" (36mm), hollow steel
- Rear: 0.9" (22mm), hollow steel
- Reduces body lean for quicker turn-in
- Includes firmer, high-density rubber bushings

Part Number: 54600-RSZ30US MSRP: \$ 500.00

SENTRA FRONT SWAY BARS_S-TUNE

- Application: 2003-2006 Sentra (All Models)
- 0.9" (23mm) solid steel
- Reduces body lean for quicker turn-in
- Includes firmer, high-density rubber bushings

Part Number: 54600-RSB50 MSRP: \$ 230.00

SENTRA REAR SWAY BARS_S-TUNE

- Application: 2003-2006 Sentra, SE-R, SPEC V
- Adjustable 1.0" (25mm) diameter sway bar, solid steel
- Reduces body lean for quicker turn-in
- 2.25" (57mm) cone merge collector
- Includes high-density rubber bushings and mounting hardware

Part Number: 56230-RNB55 MSRP: \$ 230.00

TOWER BARS/BUSHINGS/CHASSIS TUNING

A NISMO tower bar enhances handling precision by making the unibody chassis more rigid—your steering inputs go right to the wheels, not into flexing the frame. Control is further optimized through increased durometer (“firmer”) suspension and chassis bushings. You’ll appreciate the experience and engineering from NISMO racing that went into these rubber bushings; they increase compliance and rigidity without the extreme harshness of other systems.

SENTRA STRUT TOWER BRACE_R-TUNE

- Application: 2003-2006 Sentra, SE-R, SPEC V
- Heavy-duty 0.6" (16mm) x 1.8" (45mm) bar links front strut towers
- Aluminum bar with steel brackets improves turn-in response
- Precise, bolt-on installation

Part Number: 54420-RRB50 MSRP:\$ 175.00

SENTRA LOWER TIE BAR_R-TUNE

- Application: 2003-2006 Sentra, SE-R, SPEC V
- 1.0" (25mm) diameter hollow steel bar ties lower suspension pick-up points together
- Improves chassis rigidity for more precise handling
- Reduces ground clearance by 1.2" (30mm)

Part Number: 54110-RRB50 MSRP:\$ 160.00

ACTUAL PRODUCT MAY VARY SLIGHTLY FROM PHOTO

240SX STRUT TOWER BRACE_R-TUNE

- Application: 240SX 1995-1998 (Front)
- Designed to reduce movement of the strut towers during hard cornering and improve handling and steering response.

Part Number: 54420-RNS40US MSRP:\$ 280.00

Application: 240SX 1995-1998 (Rear)

- Designed to reduce movement of the strut towers during hard cornering and improve handling and steering response.

Part Number: 55420-RNS40US MSRP:\$ 290.00

ACTUAL PRODUCT MAY VARY SLIGHTLY FROM PHOTO

240SX STRUT TOWER BRACE_R-TUNE

- Application: 240SX 1989-1994
- Designed to reduce movement of the strut towers during hard cornering and improve handling and steering response.

Part Number: 5300R-RS546US MSRP:\$ 190.00

CHASSIS AND SUSPENSION BUSHINGS

Manufactured from material more rigid than OE bushings to minimize suspension deflection.

SENTRA HARD RUBBER BUSHING KIT_R-TUNE

- Application: 2002-2006 Sentra 2.5S, SE-R, SPEC V
- Increased durometer rubber
- Improved road feel and responsiveness
- Kit includes 13 increased durometer bushings for rear trailing arms, control rod beam, lateral link, rear shocks and front transverse links (supplied with bushings pre-installed, core not required)

Part Number: 55000-RRB50 MSRP:\$ 300.00

300ZX FRONT TENSION ROD_R-TUNE

- Application: 300ZX 1990-1996, 240SX 1989-1998

Part Number: 54476-RS590 MSRP:\$ 35.00

300ZX FRONT TRANSVERSE LINK_R-TUNE

- Application: 300ZX 1990-1996, 240SX 1995-1998

Part Number: 54476-RS590 MSRP:\$ 35.00

300ZX FRONT UPPER LINK BODY_R-TUNE

- Application: 300ZX 1990-1996

Part Number: 54541-RS580 MSRP:\$ 25.00

300ZX FRONT UPPER LINK AXLE_R-TUNE

- Application: 300ZX 1990-1996

Part Number: 54545-RS580 MSRP:\$ 25.00

300ZX BUSHING KIT_R-TUNE

- Application: 300ZX 1990-1996
- Kit, includes 4 of 55045-RS580, 8 of 55157-RS580

Part Number: 55000-RS580 MSRP:\$ 180.00

300ZX/240ZX REAR SUSPENSION ARM_R-TUNE

- Application: 300ZX 1990-1996, 240SX 1989-1994

Part Number: 55045-RS580 MSRP:\$ 25.00

300ZX/240ZX REAR SUSPENSION LINK_R-TUNE

- Application: 300ZX: RR Axle & Link(8), LWR Link RR(2); For 89-94 240SX: RR Suspension Link(4), LWR link RR(2); For 95-98 240SX RR Suspension Link(4), RR Axle RR(2) 300ZX 1990-1996, 240SX 1989-1998

Part Number: 55045-RS580 MSRP:\$ 20.00

300ZX/240ZX REAR AXLE_R-TUNE

- Application: 300ZX 1990-1996, 240SX 1989-1993

Part Number: 55152-RS520 MSRP:\$ 15.00

300ZX REAR AXLE SHOCK ABSORBER_R-TUNE

- Application: 300ZX 1990-1996

Part Number: 56219-RS580-US MSRP:\$ 50.00

300ZX/240ZX REAR SHOCK ABSORBER UPPER ROD_R-TUNE

- Application: 300ZX 1990-1996, 240SX 1989-1998

Part Number: 56217-RS580 MSRP:\$ 8.00

300ZX/240ZX REAR SHOCK ABSORBER LOWER ROD_R-TUNE

- Application: 300ZX 1990-1996, 240SX 1989-1998

Part Number: 56218-RS580 MSRP:\$ 8.00

300ZX/240ZX INSULATOR KIT DIFFERENTIAL MOUNTING_R-TUNE

- Application: 300ZX 1990-1996, 240SX 1995-1998

- Insulator Kit Diff MTG, includes 2 of 55470-RS580, 2 of 55476-RS580, 2 of 55474-RS580 and 2 of 55475-RS580

Part Number: 55401-RS590 MSRP:\$ 180.00

300ZX/240ZX INSULATOR DIFFERENTIAL REAR MOUNTING

- Application: 300ZX 1990-1996, 240SX 1995-1998

Part Number: 54541-RS580 MSRP:\$ 90.00

300ZX/240ZX STOP UPPER DIFFERENTIAL MOUNTING_R-TUNE

- Application: 300ZX 1990-1996, 240SX 1995-1998

Part Number: 55474-RS580 MSRP:\$ 10.00

300ZX/240ZX STOP LOWER DIFFERENTIAL MOUNTING_R-TUNE

- Application: 300ZX 1990-1996, 240SX 1995-1998

Part Number: 55475-RS580 MSRP:\$ 10.00

300ZX/240ZX INSULATOR REAR DIFFERENTIAL MOUNTING_R-TUNE

- Application: 300ZX 1990-1996, 240SX 1995-1998

Part Number: 55476-RS580 MSRP:\$ 15.00

240ZX FRONT TRANSVERSE LINK_R-TUNE

- Application: 240SX 1989-1994

Part Number: 54535-RS520 MSRP:\$ 10.00

240ZX INSULATOR STRUT FRONT MOUNTING_R-TUNE

- Application: 240SX 1989-1998

Part Number: 54320-RS520 MSRP:\$ 80.00

240ZX UPPER REAR AXLE_R-TUNE

- Application: 240SX 1989-1998

Part Number: 55157-RS521 MSRP:\$ 20.00

240ZX INSULATOR REAR STRUT MOUNTING_R-TUNE

- Application: 240SX 1989-1994

Part Number: 55034-RS520 MSRP:\$ 40.00

240ZX INSULATOR KIT REAR SUSPENSION MOUNTING_R-TUNE

- Application: 240SX 1989-1998

- Insulator Kit Rear Suspension Mounting includes 2 of 55440-RS520 and 2 of 55442-RS520

Part Number: 55400-RS590 MSRP:\$ 180.00

240ZX INSULATOR REAR SUSPENSION MOUNTING (FRONT)_R-TUNE

- Application: 240SX 1989-1998

Part Number: 55440-RS520 MSRP:\$ 50.00

240ZX INSULATOR REAR SUSPENSION MOUNTING (REAR)_R-TUNE

- Application: 240SX 1989-1998

Part Number: 55442-RS520 MSRP:\$ 60.00

240ZX REAR SUSPENSION A-ARM_R-TUNE

- Application: 240SX 1995-1998

Part Number: 55045-RS590 MSRP:\$ 20.00

240ZX REAR LOWER LINK_R-TUNE

- Application: 240SX 1995-1998

Part Number: 55157-RS590 MSRP:\$ 20.00

PERFORMANCE BRAKE PADS

Increase your all-out braking power and fine-tune your pedal response with genuine NISMO brake pads. These pads offer optimized stopping potential for track days, minimizing brake fade and increasing brake feel. Our semi-metallic compounds are quiet, long-lasting and rotor-friendly.

350Z Brake Pads: "The increased brake capacity due to the more aggressive pads also helped tremendously, slowing the Z down to turn-in speeds." *Import Tuner*, January 2004.

350Z FRONT BRAKE PADS (NON-BREMBO)_R-TUNE

- Application: 2003-2006 Coupe, 2005-2006 Roadster
- Heat range: ambient temperature to 700° F

Part Number: 41060-RNZ35	MSRP:\$ 150.00
Part Number: Rear: 44060-RNZ35	MSRP:\$ 125.00

SENTRA FRONT BRAKE PADS_R-TUNE

- Application: 2002-2006 Sentra 2.5S, SE-R, SPEC V (non-Brembo applications)
- Heat range: ambient temperature to 700° F

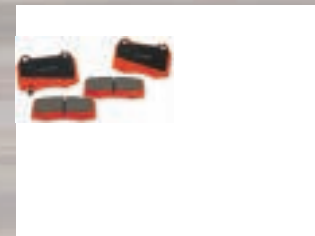

Part Number: Front: 41060-RNB55	MSRP:\$ 150.00
---------------------------------	----------------

350Z REAR BRAKE PADS (NON-BREMBO)_R-TUNE

- Application: 2003-2006 Coupe, 2005-2006 Roadster
- Heat range: ambient temperature to 700° F

Part Number: Front: 41060-RNZ35	MSRP:\$ 150.00
---------------------------------	----------------

SENTRA FRONT BRAKE PADS (BREMBO)_R-TUNE

- Application: 2002-2006 Sentra SPEC V (with Brembo Brake Package)
- Heat range: ambient temperature to 700° F

Part Number: 54600-RSB50	MSRP:\$ 180.00
--------------------------	----------------

350Z FRONT BRAKE PADS (BREMBO)_R-TUNE

- Application: 2003-2006 Coupe, 2005-2006 Roadster with Brembo Brake Package
- Heat range: ambient temperature to 700° F

Part Number: Front: 41060-RNZ36	MSRP:\$ 180.00
Part Number: Rear: 44060-RNZ36	MSRP:\$ 150.00

350Z REAR BRAKE PADS (BREMBO)_R-TUNE

- Application: 2003-2006 Coupe, 2005 Roadster with Brembo Brake Package
- Heat range: ambient temperature to 700° F

Part Number: 44060-RNZ36	MSRP:\$ 150.00
--------------------------	----------------

ALTIMA FRONT BRAKE PADS_R-TUNE

- Application: 2002-2006 Altima
- Heat range: ambient temperature to 700° F

Part Number: 41060-RNZ35	MSRP:\$ 150.00
--------------------------	----------------

EXTERIOR-AERODYNAMICS

Rev up your Nissan's looks—and aerodynamic performance—with a genuine, factory-tuned NISMO spoiler or side sills. All feature ultra high-quality, flexible molded urethane or ABS construction, the same material as used on OE bumper fascias, not the less durable FRP (or “fiberglass”) that others use. NISMO aero designers finesse the fit and finish to ensure that each NISMO component attaches securely and fits precisely, with no gaps, sags or owner modifications required to achieve an OE-quality fitment. Each aero bit is temperature tested from -40° to +80°C (-38°F to 176°F) to resist warping & deflection, comes already primer coated and ready to be painted, and includes detailed instructions and mounting templates for precise installation where drilling is required.

350Z FRONT SPOILER_S-TUNE

- Application: 2003-2005 Coupe, 2004-2005 Roadster
- Based on NISMO Japan JDM track-inspired design
- Ultra high-quality, flexible molded urethane construction

Part Number: 96010-RNZ30 MSRP:\$ 470.00

350Z SIDE SILLS_S-TUNE

- Application: 2003-2005 Coupe, 2004-2005 Roadster
- Based on NISMO JDM track-inspired design
- Ultra high-quality, flexible molded urethane construction
- Utilizes OE mounting points and replaces OE side sills

Part Number: Front: 76410-RNZ35 MSRP:\$ 470.00

350Z REAR SPOILER_S-TUNE

- Application: 2003-2006 Coupe (non-Track model)
- Does not interfere w/ CHMSL (Center High Mount Stop Light)
- Based on NISMO JDM track-inspired design
- Ultra high-quality, ABS construction (same as OE spoilers)
- Optional heavy duty gas struts/stays recommended

Part Number: Rear: 98100-RNZ35 (w/o OE spoiler) MSRP:\$ 400.00
Part Number: Rear: 98100-RNZ36 (w/OE spoiler) MSRP:\$ 400.00

350Z REAR UNDER SPOILER_S-TUNE

- Application: 2003-2005 2006 Coupe, 2004-2005 2006 Roadster
- Track-inspired design, based on NISMO Japan design
- Ultra high-quality, flexible molded urethane construction

Part Number: 85050-RNZ35 MSRP:\$ 400.00

ALTIMA FRONT SPOILER- S-TUNE_S-TUNE

- Application: 2002-2004 Altima
- Track-inspired design, based on NISMO Japan design
- Ultra high-quality, flexible molded urethane construction

Part Number: 96010-RNL10 MSRP:\$ 370.00

ALTIMA REAR SPOILER_S-TUNE

- Application: 2002-2006 Sentra 2.5S, SE-R, SPEC V (non-Brembo applications)
- Heat range: ambient temperature to 700° F

Part Number: Front: 41060-RNB55 MSRP:\$ 150.00

EXTERIOR-GRAPHICS

Your NISMO-equipped Nissan performs differently, shouldn't it also look the part? There's no reason it can't have that race-ready look with NISMO studio-designed graphics. Durable PVC material with colors made using automotive quality pigment ensure long-lasting application. A UV-stable, urethane clear coat further protects from fading so your car will look as fresh next year as it does today. Stylish, sophisticated and race-inspired, these genuine NISMO graphics are the same as those used on NISMO's concept and show vehicles. Plus, since they are an S-tune product, they come with the added protection of Nissan's Parts and Accessories Limited Warranty. These long-lasting graphics kits are UV protected and come complete with installation instructions, templates and application tools (professional installation recommended).

350Z NISMO GRAPHICS KIT_S-TUNE

- 2003-2006 Coupe, 2005-2006 Roadster
- NISMO Japan inspired design
- Red, Silver, Black (Recommended for: white, dark gray, silver, blue, orange, yellow)
- Red, Silver, White (Recommended for: silver, blue, orange, yellow)
- Kit contents: 4 NISMO Logos, 3 S-tune Logos, 3 R-tune Logos, 1 Hood Stripe, 2 Door and Front Fender Stripes, 2 Rear Quarter Panel Stripes, Hood and Decklid Logo Locator
- Red, Silver, White (Recommended for: silver, blue, orange, yellow)
- Not recommended for red or black cars
- Includes detailed instructions and installation squeegee, professional installation suggested

Part Number: 99054-RNZ35 (Red, Silver, Black) MSRP:\$ 180.00

Part Number: 99054-RNZ36 (Red, Silver, White) MSRP:\$ 180.00

ALTIMA NISMO GRAPHICS KIT_S-TUNE

- 2000-2006 Altima (All Models) [2007-08 NOW AVAILABLE - SEE DEALER FOR DETAILS]
- NISMO Japan inspired design
- Red, Silver, Black (Recommended for: white, dark gray, silver, blue, orange, yellow)
- Red, Silver, White (Recommended for: silver, blue, orange, yellow)
- Kit contents: 4 NISMO Logos, 3 S-tune Logos, 3 R-tune Logos, 1 Hood Stripe, 2 Door and Front Fender Stripes, 2 Rear Quarter Panel Stripes, Hood and Decklid Logo Locator
- Red, Silver, White (Recommended for: silver, blue, orange, yellow)
- Not recommended for red or black cars
- Includes detailed instructions and installation squeegee, professional installation suggested

Part Number: 999G1-UQ00BK (Red, Silver, Black) MSRP:\$ 180.00

Part Number: 999G1-UQ00WT (Red, Silver, White) MSRP:\$ 180.00

SENTRA NISMO GRAPHICS KIT_S-TUNE

- 2000-2006 Sentra (All Models)
- NISMO Japan inspired design
- Red, Silver, Black (Recommended for: white, dark gray, silver, blue, orange, yellow)
- Red, Silver, White (Recommended for: silver, blue, orange, yellow)
- Kit contents: 4 NISMO Logos, 3 S-tune Logos, 3 R-tune Logos, 1 Hood Stripe, 2 Door and Front Fender Stripes, 2 Rear Quarter Panel Stripes, Hood and Decklid Logo Locator
- Red, Silver, White (Recommended for: silver, blue, orange, yellow)
- Not recommended for red or black cars
- Includes detailed instructions and installation squeegee, professional installation suggested

Part Number: 999G1-UQ00BK (Red, Silver, Black) MSRP:\$ 180.00

Part Number: 999G1-UQ00WT (Red, Silver, White) MSRP:\$ 180.00

INTERIOR/ACCESSORIES

Show your true colors with genuine NISMO floor mats, shift knobs and other top quality NISMO branded gear.

350Z SHIFT KNOB_S-TUNE

- Application: 2003-2006 Coupe, 2005-2006 Roadster with manual transmission
- Available materials include Aluminum with Carbon Fiber wrap, Aluminum (painted black), Aluminum (chrome plated) and Titanium
- Laser-etched NISMO logo
- Reduced shifter height for shorter throw
- Finisher and 6-speed shift pattern decal included

Part Number: 32865-RN104 (chrome)	MSRP:\$ 65.00
Part Number: 32865-RN105 (black)	MSRP:\$ 65.00
Part Number: 32865-RN108 (titanium)	MSRP:\$ 140.00
Part Number: 32865-RN109 (carbon fiber)	MSRP:\$ 75.00

ALTIMA SHIFT KNOB_S-TUNE

- Application: 2002-2006 Altima Manual Transmission (All except SE-R 6-speed with lift-gate reverse shifter)
- Available materials include Aluminum with Carbon Fiber wrap, Aluminum (painted black), Aluminum (chrome plated) and Titanium
- Laser-etched NISMO logo
- Precise, thread-on installation
- 5-and 6-speed shift pattern decals included
